

Ag Equipment Technician - Jerome, ID

Full Job Description

Mountain View Equipment Company has been a trusted name in agricultural equipment for over 55 years. With four locations across Idaho and Washington, we take pride in providing our customers with industry-leading equipment and exceptional service.

We are currently seeking an experienced Ag Equipment Technician to join our award-winning team in Jerome, Idaho. We are looking for a self-motivated, hands-on individual who takes pride in quality workmanship and is passionate about supporting the agriculture industry.

Key Responsibilities:

- Performs diagnostics, service repairs, and maintenance work on a wide range of equipment, including customer and/or dealer-owned agricultural, commercial landscape, and outdoor power equipment, utilizing both basic and advanced diagnostic skills to ensure effective repair and maintenance.
- Maintain current knowledge of CLAAS, MacDon, and Oxbo equipment as well as competitive products
- Maintain the condition of vehicles, inventory, tools, and equipment
- Travel to the job site to work on equipment, as well as perform repairs in a shop setting
- Maintain a clean work area and perform work in a neat and orderly fashion
- Follow all safety rules and regulations in performing work assignments
- Complete all reports and forms required in conjunction with work assignments
- Account for all time on repair order and for all material used in performing assigned duties
- Provide excellent customer service
- Other duties as assigned by Management

Qualifications & Experience

- Minimum three years of experience diagnosing, repairing, and maintaining agricultural or related diesel-powered equipment, including hydraulic, electrical, and mechanical systems.
- Previous experience with agricultural equipment, hay and forage equipment, combines, tractors, or precision agriculture systems is preferred.
- A High School Diploma or equivalent is required
- Valid driver's license with a clean driving record
- Ability to diagnose, repair, and perform scheduled maintenance on agricultural equipment using special tools, service information, and technical manuals.
- Welding and fabrication experience preferred.
- Experience using computerized diagnostic tools and basic computer systems preferred.
- Ability to lift up to 100 pounds and stand for extended periods.
- Ability to work overtime and extended hours during peak seasonal demands.
- Strong time management and organizational skills.
- Effective verbal communication and customer service abilities.
- Basic computer, phone, and data entry skills.
- Ability to work independently while contributing to a team environment.

What We Offer:

- Highly Competitive Pay – compensation tailored to your experience and technical ability.
- Monthly Profit-Sharing Bonus – rewarding your contribution to our team's success.
- Relocation Assistance – for qualified candidates ready to make the move.
- Paid Time Off (PTO) – accrues with service and tenure
- Medical, Dental and Vision Insurance
- 401(k) with company match
- Competitive Salary
- Factory and advanced technician training
